CALL FOR TENDERS n° 1/FM21_ADIRA/2006

Object:

ACQUISITION AND INSTALLATION OF TWO AUTONOMOUS
DESALINATION UNITS FOR DRINKING WATER PRODUCTION BY
REVERSE OSMOSIS POWERED BY PHOTOVOLTAIC STATION .

The Foundation Marrakech 21, association of development, launches the present call for tenders for the acquisition and on site installation of two pilot desalination units planned in the ADIRA project supported financially by the European Union in the framework of the MEDA Water programme (reference: N° ME8/AIDCO/2001/0515/59610).

This national call for tenders is also open to the foreign companies non-installed in Morocco, specializing in the desalination and renewable energies fields.

Consistence and conditions of withdrawal of the consultation file:

The call of offers file consists of:

- a copy of the present procurement of call of tenders
- the Document I that specifies the general administrative terms and the regulation of the consultation, with models of forms as the act of engagement, the listing of the prices, the declaration on honour.
- the Document II that specifies the terms and technical specifications and terms of references, with appendices containing the technical information (listing of the equipments and furniture, plans, chemical analyses, and other technical information)

The call of offers file can be withdrawn directly from the secretariat of the foundation located in the Faculty of Sciences Semlalia, Centre Jaber Ibn Hayan (1st floor), Boulevard Prince Moulay Abdallah, 40 000 Marrakech, Morocco, (Tel.024438186s or 068218879, email,: mokhlisse@gmail.com), or asked to be sent by the way chosen by the candidate in return for payment of the consignment expenses..

The price of acquisition of the file is fixed at 500 DH to pay by check or bank transfer on the account of the association Fondation Marrakech 21 n°022 450 000 014 00 052215 / 03 / 53, Code Swift,: MAMC open SGMB by the Society General Moroccan of Bank, Marrakech-Gueliz agency, 29, street of Yugoslavia, Marrakech; the foreign competitors can do a bank transfer of the counter-value in euros of the aforementioned amount.

Any applicant who does the payment by bank transfer must address by fax at 00 212 24438386 a copy of the order of transfer done in the name of FM21 while indicating the exact and complete address where the file could be sent to him if the case arises. The consignment will be done, by express mail (DHL, UPS, Chronopost,..) or others, according to the choice of the competitor. The expenses of consignment as well as all rights and payable taxes to destination are in charge of the claimant. The temporary security bond is fixed to the sum of 12 000 DH.

The biddings: constitution and deposit

The offers must be established and presented in accordance with the prescriptions of the regulation of the consultation described in ~~the notebook~~ of the special prescriptions (Document I, §I.2.).

The file presented by the competitor, containing the administrative file, the technical file, the financial offer with the different justifying documents, must be put in a closed fold and sealed, and containing:

- the name and the competitor's address
- the object and the number of the call of offers
- the date and the hour of the session of opening of the folds
- the warning that " the fold must be open only by the president of the commission of call of offers at the beginning of the session of examination of the offers " .

The biddings can be deposited at the secretariat of the association against receipt, sent to the president of FM21 by recommended mail with reception acknowledgment or given to the President of the commission of call of offers in the beginning of the public session of opening of the biddings. Anyway, all biddings must arrive at the latest to the office of FM21 on October 16, 2006 at 10 o'clock time of beginning of the session.

Opening of the biddings

The opening of the biddings will be done in public session on October 16, 2006 at 10 am in the meeting room of FM21 Headquarters located in the Center Jaber (first floor) of the Faculty of Sciences Semlalia, Boulevard Prince Moulay Abdallah, Marrakech, Morocco.
